Experience

WhiteBox Art Center Design & Technical Intern

Re-designed and maintained the WhiteBox official website.
Provided technical support in designing and setting up the sound systems and lighting systems for multiple exhibitions.

New York, NY | May 2018 - Aug 2018

Bizy, LLC User Experience Design Intern

Researched and designed the main dashboard interface of the mobile app. Designed the on-boarding process and created an orchestrated animated interaction. Designed, developed and ran user testings on the login/signup prototype.

Washington, DC | May 2016 - Aug 2016

Projects

Cognitive Tutor Authoring Tools UX Designer & Researcher

Increased the adoption of CTAT, a complex educational software, by educating users about the software's benefits, making the concept of cognitive tutors more approachable and improving the experience of learning the software.

Pittsburgh, PA | Jan 2018 - May 2018

Settle Design Researcher & UX Designer

Researched and designed the service and UI of Settle, a mobile & web-based online marketplace that attempts to relieve the mental and emotional stress during significant life transitions.

Pittsburgh, PA | Jan 2016 - Apr 2016

LiGo UI/UX Designer & Graphic Designer

Within 48 hours, designed the user experience, user interface, and branding, of a mobile app LiGo, which enables students to see events on campus and allows organizations to advertise events.

Pittsburgh, PA | Oct 2015

Leadership

Vice President of Sigma Nu Fraternity

Managed the budget allocation of 180K dollars; proposed and implemented new summer housing policy.

Sep 2015 - Dec 2015
